**Letter of reference for Mr. Chenchao Liu**

We would like to thank Mr. Liu for his valuable presentation on the Chinese biopharmaceutical industry during a meeting organized by EFPIA on April 14<sup>th</sup>, 2021. EFPIA, the European Federation of Pharmaceuticals Industries and Associations, is a Brussels-based trade association, representing the research-based pharmaceutical industry operating in Europe.

Based on practical case studies, venture capital cases as well as facts about the market, the objective of this virtual meeting was to introduce the topic of biopharmaceuticals and the competitiveness of local Chinese innovative pharmaceutical companies to EFPIA representatives.

With a well-structured keynote speech, Mr. Liu contributed valuable insights about current developments as well as the investment landscape on the Chinese biopharmaceutical market. In addition to the overview, Mr. Liu also presented the current state of Chinese oncology and immunotherapy markets in detail with the introductions of two representative Chinese biopharmaceutical companies. Doing so, his speech was backed up with facts and examples and individual questions of the participants were addressed in the subsequent discussion.

On behalf of EFPIA, we can recommend Mr. Liu as a keynote speaker. We would like to thank Mr. Liu for his contribution.

Dr Koen Berden  
Executive Director International Affairs
