Date 20 November 2024
Subject Reference Letter – Mr. Chenchao Liu – European China Conference 2024

To whom it may concern,

This is to attest that Mr. Chenchao Liu, CEO of SILREAL GmbH, contributed as an expert speaker to the session “Transformative Power: China’s Approach to Biotech” at our annual European China Conference, co-organised with the Mercator Institute for China Studies (Merics) on 19 November 2024. Mr. Liu’s exceptional expertise on the Chinese healthcare and biotechnology sectors greatly contributed to the quality and intellectual depth of the session, and his participation in the wider conference was a great asset for the discussions throughout the day.

We wholeheartedly recommend Mr. Liu as an expert speaker on the European and Chinese healthcare, pharma and life sciences sectors.

Sincerely,

Dr. Janka Oertel
Senior Policy Fellow & Director, Asia Programme
